TRADE AT HOME

Did it ever occur to you that you prosper as your town prospers? That when business is poor you make less money and feel the weight of "hard times?"

Yet you spend money away from home, when, in nine cases out of ten, you could get equal satisfaction by patronizing your home merchants.

Every dollar you send away makes business in your town many dollars poorer. But the dollars you spend at home stay there and make business better—and then come back to you.

Are you a builder and a booster? Do you want your town to go head? Do you want to go ahead with it?

Why build churches and school houses in Chicago, let's spend our money with our local business men, so they can help build churches and school houses at home.

More business in your home town means more money for everybody.

Holbrook News Notes

Miss Calvert, a sister of the Mr. Calvert who used to work in the Station in Holbrook, came in from White-river where she had been employed by the A. and B. Schuster Co. on last Sunday. A Miss Woods, also of the same place accompanied her, and they both went on to Los Angeles together.

The officers are still picking them up along the streets for violations of the town traffic ordinances. It is hard to learn new tricks, its true, but we might as well do it, as to lag along behind in the procession that every up-to-date town is traveling in, that of having street ordinances and insisting upon their observance. If you forget and get pinched the very best thing to do is to be a good sport and pay up and let that be a reminder to your forgettery the next time. It don't pay to kick against the pricks.
